Masters in Landscape Architecture Program for Practitioners and Licensed Professionals (MLA II)

The **30 credit** program is tailored for professionals interested in **developing** skills and knowledge on a specific topic or **exploring** advancements in the practice of Landscape Architecture.

Department of Landscape Architecture
School of Environmental and Biological Sciences
Rutgers, The State University of New Jersey
Room 112, 93 Lipman Dr., New Brunswick, NJ 08901-8520
Blake Hall, Cook Campus. 848-932-9311

Department of Landscape Architecture
School of Environmental and Biological Sciences

Masters in Landscape Architecture Program for Practitioners and Licensed Professionals (MLA II)

The post-professional program is geared towards professionals and recent landscape architecture graduates who are seeking to develop a specific skill or area of expertise in landscape architecture and affiliated disciplines. It takes advantage of Rutgers' vast academic resources to allow you to develop an interdisciplinary course of study to directly address your interests. The basic course of study requires a minimum of 30 credits, part time options are available.

A list of areas of interest and academic resources follow:

Areas of Interest

Regional Design and Water Management
Ecological Restoration and Wetlands
GeoDesign and GIS
Urban Forestry
History and Theory
Visualization and Representation
Urban Design and Planning
Residential Design
Community Gardens
Urban Agriculture
Environmental Justice
Participatory Design
Green Infrastructure
Post Industrial Sites

Academic Resources

School of Environmental and Biological Sciences
Bloustein School of Planning and Public Policy
Mason Gross School of the Arts
Office of Agriculture and Urban Programs
Center for Urban Restoration Ecology
Center for Remote Sensing and Spatial Analysis
Center for Urban Environmental Sustainability
Cultural Heritage and Preservation Studies
Eagleton Institute of Politics
Rutgers Climate Institute
NJ Climate Change Alliance

Required Courses:

Research Methods 2 credits, Thesis Research 6 credits, Colloquium 3 credits. Expertise Courses: 22 credits in graduate level courses.

Three examples for building your program of interest:

Example: Post Industrial Sites and Green Infrastructure Focus

Expertise Courses

16:550:533 Ecology and Landscape Architecture Studio, 5 credits
16:550:554 Concepts of Preservation and Design of Postindustrial Landscapes, 3 credits
16:550:536 Sustainability/Special Topics Studio, 5 credits
16:550:552 Landscape History II, 3 credits
11:550:442 Sustainable Landscape Technologies, 3 credits
16:375:534 Environmental Sustainability, 3 credits
34:970:622 Urban Redevelopment, 3 credits

Example: History of Design and Cultural Landscapes Focus

Expertise Courses

16:550:535 Housing and Open Space Studio, 5 credits
16:550:553 Theories of Landscape Architecture, 3 credits
16:550:552 Landscape History II, 3 credits
16:082:594 CHAPS: Significant Objects: Material Culture Studies and Cultural Heritage, 3 credits
16:082:603 CHAPS: Cemeteries, Monuments, and Memorials: Cultural Heritage and Remembering the Dead, 3 credits
34:970:652 Urban Political Theory, 3 credits
34:970:521 Historic Preservation, 3 credits

Example: Urban Agriculture

Expertise Courses

16:550:536 Regional/Special Topics Studio, 5 credits
16:550:545 Introduction to Geomatics, 3 credits
11:550:301 Social and Cultural Aspects of Design, 3 credits
11:550:442 Sustainable Landscape Technologies and Systems Design, 3 credits
16:215:520 Landscape Ecology, 3 credits
11:550:371 Agriculture and the Landscape, 3 credits
16:375:573 Soil Ecology, 3 credits
